NAL Resources

No current activity

Operations – business as usual

Some preliminary well scouting & surveying ongoing for possible Q3 drilling activity

Lacombe County

Not much to report in the west end of Lacombe County, however there are 2 topics that might be useful at future synergy meetings.

#1) Clubroot and its spread – the County may be able to provide resources and perhaps a presentation about Clubroot & its spread. There's lots of speculation about how it is being spread but some education & facts may provide some balance and thus prevention.

#2) Rural Crimewatch – Rimbey Rural Crimewatch is active in Ponoka, Lacombe and possibly Clearwater Counties. A presentation from Rimbey Crimewatch and the Rimbey RCMP could provide some information & tips on rural crime prevention on farms, acreages & oilfield sites.

Plains Midstream

No current activity in the RRSG area

Encana

No new development

Encana participated in & supported the May 6th Safety Day in Rocky Mountain House. Encana had a display with safety messaging around our “Courtesy Matters” program. Encana is proceeding with a CI sponsorship for the Rimbey Rodeo.
